

DESCRIPTION

PT07 is a fine product made with quality leather and it is hand sewn.

It measures 39x48x6 mm, it is available with HF frequency and suited for applications, where durability is important.

Logo lasering or embossing as well as serialization with laser give this product a tasteful, noble and timeless appearance, positioned between plastic and high-end leather, this affordable leather product is popular for loyalty programs schemes.

It can be read up to 5 cm and it's available in: stylish red, cool blue and natural brown.
