

CLOSE-TO-ME Keyfob

IP 65

DESCRIPTION

“Close-to-me” is the Italian solution to guarantee the “SOCIAL DISTANCING” of one meter whenever is worn by two or more people in the same room. The system is based on a wearable device with integrated BLE transmitter and receiver. based on 2.4Ghz , is generating a “radio bubble” - low frequency non invasive - around the person. When the safe distance is not respected, an acoustic sound and vibration indicate that you are below one meter.

TECHNICAL FEATURES

Frequency	2.4GHz
Modulation mode	GFSK
Internal memory	5000 records
RF Power	3dBm [attenuation software settable]
Antenna	Integrated Linear Polarized Antenna
Battery	220mAh@3V CR2032 Replaceable

CONNECTIVITY

Compliant Standard	Bluetooth 5.0
--------------------	---------------

PHISICAL FEATURES

Dimensions (mm)	46 x 31 x 11
User Interface	1 button, 1 buzzer

*** Certification: CE according to ETSI EN 300 328 ***
